

8th VSM Call for Applications (October 2023)

- 1. Computational PDEs for Cosmology** (University of Vienna, Supervisor O. Hahn)
- 2. Algebraic and Enumerative Combinatorics** (University of Vienna, Supervisors C. Krattenthaler and F. Schreier-Aigner)
- 3. Inner Model Theory, Large Cardinals, and Determinacy** (TU Wien, Supervisor S. Müller)
- 4. Frame Multiplier Theory** (University of Vienna, Supervisor D. Stoeva) up to two positions,
- 5. Algebraic and Model-theoretic Methods in Constraint Satisfaction** (TU Wien, Supervisor M. Pinsker)
- 6. Geometric Flows, Curvature Problems, Convex Geometry** (TU Wien, Supervisor M. Ivaki)
- 7. Modelling, Analysis and Simulation of Endocrine Systems** (TU Wien, Supervisor A. Körner)
- 8. Non-Local Perimeters and Dual Brunn-Minkowski Theory** (TU Wien, Supervisor M. Ludwig)
- 9. Planar statistical mechanics and random conformal geometry** (TU Wien, Supervisor M. Lis)
- 10. Mathematical Modelling in Evolution and Genetics** (University of Vienna, Supervisors J. Hermisson and R. Bürger)
